---

### **ABOUT**

Research-driven Communication Strategist with experience in market analysis, audience research and strategic planning.

I help brands identify growth opportunities through competitive intelligence, consumer insights and data-informed decision making.

---

### **EXPERIENCE**

#### **OKKAM Creative**

Communication Strategist

2024 – Present

Joined Okkam as a Strategy Intern in 2024 and was promoted to Junior Strategist within 5 months. Now I mentor and support strategy interns.

#### **Communication & Media-Creative Strategy**

- Contributed to the development of communication and media-creative strategies for brands across pharma, FMCG, retail and digital categories.
- Conducted communication audits, competitive landscape analysis and positioning research.
- Developed messaging frameworks and strategic recommendations aligned with long-term business and communication objectives.
- Participated in defining communication territories, strategic priorities and activation approaches for brands.

#### **Special Projects & Partnerships**

- Identified growth opportunities through category analysis, consumer insights and trend research.
- Evaluated strategic partnership opportunities based on audience overlap, brand affinity, market positioning and media reach.
- Designed communication ecosystems, activation mechanics and customer journeys for integrated campaigns.
- Developed strategic rationale and recommendation frameworks for client presentations.

### **Creative Strategy**

- Analyzed category communication patterns and creative performance to identify differentiation opportunities.
- Conducted creative benchmarking and identified key drivers of memorability and likability.
- Supported development of key visuals, campaign platforms and creative concepts through strategic analysis.

### **Research & Insights**

- Conducted audience, category and competitor research using BrandPulse, M1 Panel, SemanticForce and other analytical tools.
- Identified local and global consumer, cultural and communication trends.
- Participated in AI-assisted research projects focused on creative effectiveness and communication performance.
- Conducted qualitative research and customer development interviews.

### **Growth & Digital Research**

- Assessed digital ecosystems, audience behavior and category demand signals.
- Conducted website and communication audits to identify growth opportunities and competitive advantages.
- Evaluated market opportunities through search trends, audience affinity and competitive intelligence analysis.

### **Selected Categories**

Technology & Digital Services, Fintech, Retail & E-commerce, Pharma & Healthcare, FMCG & Consumer Goods

---

## **SELECTED INITIATIVES**

### **Internal Research Platform**

Identified inefficiencies in the agency's research workflow and designed an internal knowledge platform aggregating trend databases, campaign libraries and industry resources.

The platform reduced research time, improved idea validation processes and is currently used across three departments.

### **Internal Product Audit**

Conducted an audit of the agency's promotional platform builder, including competitor analysis, feature benchmarking, user experience evaluation and positioning assessment.

### **Industry Research & Thought Leadership**

Contributed to industry research initiatives and whitepapers exploring consumer insights, communication effectiveness and emerging marketing trends (Okkam Creative's Whitepapers: [the impact of insight on advertising effectiveness](#), [creative awareness](#)).

---
